

The Gender Support Plan is a document that creates shared understanding about the ways in which a student's authentic gender will be accounted for and supported at school. This video provides details on the best way to use this resource.

School staff, caregivers, and the student can work together to complete this document. Ideally, each will spend time completing the various sections to the best of their ability and then come together to review sections and confirm shared agreements about using the plan. Please note that there is a separate document to plan for a student formally communicating information about a change in their gender status at school.

We would love to hear how you've used the Gender Support Plan. Let us know in the [Gender Spectrum Lounge](#).
