

Dear ,

Gender Spectrum is pleased to be partnering with Vice-President Joe Biden's Foundation and the Movement Advancement Project (MAP) on the new [#AdvancingAcceptance](#) campaign which encourages family and community support for transgender and gender-diverse youth. The campaign features this moving video highlighting the benefits of support by family, friends and community.

The research is clear that transgender and gender-diverse youth experience greatly reduced anxiety and depression when they are accepted and affirmed at home, in school, and in their communities. Our new effort spreads awareness of the value of family,

school and community support, and provides resources and information for those looking to build gender-inclusive environments.

Please share the video on your social media channels. You can share the [YouTube link](#) and/or the [AdvancingAcceptance homepage](#). To find out more about our resources and about the campaign, check out the [Gender Spectrum website](#). You can also read and share today's [NBC News story](#) on the campaign.

Your support helps make partnerships like this possible. Thank you.
